

THE PEAK OF ROOFING INNOVATION

BUILDING OUR LEGACY

With a proud legacy of innovation and ongoing focus on the future, Decra have you covered.

Innovation is Decra's driving force. The invention of our revolutionary steel roofing tiles in New Zealand in 1957, quickly made Decra an industry success story, and a trusted manufacturer. Today, you'll find Decra products in over 127 countries, and Decra manufacturing plants across three continents.

While you'll find many imitations of our products none will live up the exceptional standards of quality that we hold ourselves to. We pride ourselves on our relentless commitment to innovation and quality. Don't settle for imitations when you can have the ultimate in strength, style, and technology with a Decra roof.

OUR PRODUCTS ARE MADE
TO STAND THE TEST OF
TIME, AND SO ARE WE.

A photograph of a modern, single-story house with a dark grey Decra roof. The house features large glass windows and doors, revealing a well-lit interior. In the foreground, there is a swimming pool with a black metal fence. The background shows a clear blue sky and some palm trees.

THE PEAK OF ROOFING INNOVATION

WHY CHOOSE DECRA?

Backed by a 50-year warranty* for complete peace of mind, our roofing systems deliver exceptional quality and protection you can count on.

DECRA PRODUCTS ARE:

MADE IN NEW ZEALAND TO EXCEPTIONAL STANDARDS

Manufactured from clean, pure materials, Decra's New Zealand-made tiles are manufactured to stringent ISO 9001 standards, and exceeds international standards.

POWERFULLY DURABLE

Our tiles have been tested and proven in some of the harshest environments on earth. Made of a solid steel core coated in a zinc-aluminium alloy, this base then has layers of proprietary coatings applied to create a high performing roof tile.

DESIGNED WITH THE ENVIRONMENT IN MIND

Decra products are environmentally friendly and infinitely recyclable. Products are manufactured under an ISO 14001 certified environmental management system.

INNOVATIVE AND EXCEPTIONAL

Light and strong, our unique Concealed Fastening range of tiles shield your roof from the elements while hiding fastenings from sight for a streamlined, stylish look.
